

Highlight any promotion with these lightweight, modular stands. Products, brands, specials and services receive prime attention with securely balanced, freestanding, tip-proof AdStands™. The aluminum uprights are powder coated silver with unique vented styling. The side of each upright can be customized with a color, natural or printed inlay to coordinate with any brand identity or environment.

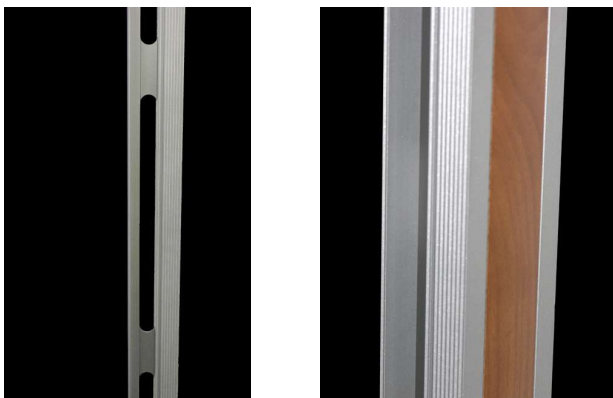

Customizable Display Stands

Ideal for product displays, branch merchandising, literature dispensing, advertisements and more. The display faces are updateable with full length or partial length prints magnetically held in place behind a clear protective cover. Each size is specifically designed to display standard poster sizes.

Size	Dimensions	Poster	Full Length
Large	25"w x 70"h	22" x 28"	22" x 68"
Small	12"w x 50"h	8.5" x 11"	8.5" x 48"

Each size offers the following features:

- Custom Upright Inlays
- Optional, Adjustable Literature Holder
- Magnetic, Clear Insert Cover
- Customizable Faces
- Custom Colors Available in Quantity
- Modular Component Options

These unique aluminum uprights feature a contemporary vented design for a stylish, unobtrusive presence. The outer face is slightly recessed and is ideal for adding custom inlays to coordinate with any decor.

Customizable Feature Stands

The ideal accent to any product or service, these informational Feature Stands are 39" high while the display face measures 12"h x 23"w. The display face is positioned on an angle for optimum viewing and can either be a changeable printed image or transformed into a Digital Feature Stand with a DM10 AdView digital sign system. The DM10 features a static display area adjacent to the LCD screen for displaying a logo or adding a brochure holder. The aluminum uprights can be customized with color or natural inlays and a vertical insert panel.

Feature Stands can be fabricated with an interchangeable, printed display face or transformed into a Digital Feature Stand with a DM10 AdView™ unit as shown below.
