

Traditional Products

When you need dimensional signage, graphics or lettering, make AdMart Custom Signage your first call. We've produced eye-catching dimensional pieces for the nation's finest retailers for more than a quarter of a century, earning our reputation for being fast, reliable suppliers of beautiful, quality, functional signage products.

Foam

Our high-density foam-based letters and sign components are produced in thicknesses from 3/16" up to 2", while our low-density ThickFoam products can be produced up to 12" thick. Dynamic effects can be created through multi-layering of sign components in various thicknesses, colors and finishes. We give you all the necessary resources to create unique foam signage with these product enhancements:

- Standard and custom color matched paints
- Brushed and polished metal laminates
- Solid color, woodgrain and stone laminates
- Backsprayed acrylic laminates
- Sandstone and GlazeCoat special finishes
- Digital print laminates

The result is a visually appealing in-store marketing tool that attractively directs consumer attention to the brands and products they seek and the services you provide.

*Quality In-store Image Begins With
"The Sign Specialists"*

Acrylic

Our most versatile base material, acrylic can be fabricated into logos, sign components, letters and graphics or formed into case or countertop displays and signs. Acrylic signage elements can be laser cut in sizes as small as 1/2" high or produced as large as 4' x 8'. Available in clear and a variety of colors or painted any color. Unpainted acrylic logos, signs and letters are suitable for exterior use.

Acrylic tent and easel signs are ideal for countertop and in-case displays.

Sintra®

This rigid PVC all plastic foam has a low-gloss satin finish and is extremely dense. It is available in four thicknesses and eight solid-through colors. This base material can be painted or laminated with a variety of finishes for interior use. Ordered without finishes, it is ideal for exterior applications.

The AdMart® Advantage

Our products allow you to create visually appealing:

Vendor Logos • Information Phrases • Brand Identification
Directional Signs • Aisle Markers • Graphic Wallpaper
Departmental Identification • Window/Door Vinyl
Store Identification • P.O.P. Displays • Case Signs
Countertop Signs • Rack and Fixture Signs • Promotional Signs • Seasonal Graphics • Window Displays and Much More...

Vinyl

High-grade, self adhesive, cast vinyl films are precision cut into letterforms, logos, sign components and graphics. An excellent complement to our dimensional materials. Vinyl can also be produced in an easy-to-apply, prespaced, self-installation assembly. It is available in a large selection of colors and faux finishes including woodgrains, metals, etched glass and marbles.

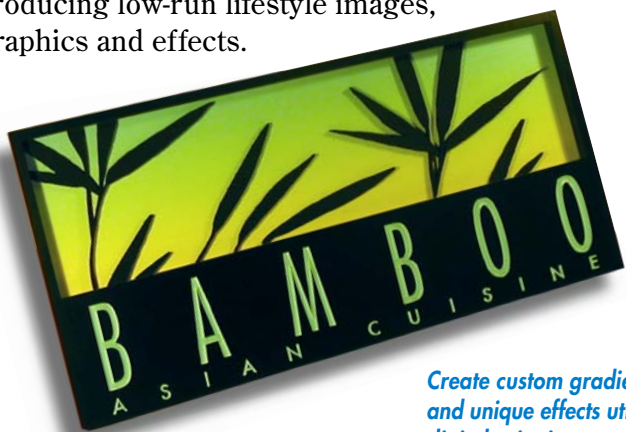

Vinyl graphics and letters are an excellent complement to our dimensional sign materials providing extra detail and an added sense of depth.

MDF

Medium Density Fiberboard's heat-pressed construction makes it highly durable and damage resistant. It can be painted or laminated with color or faux finishes.

Digital Printing

Full-color imagery is produced with high quality digital printers up to 72" wide. Digital prints can be produced on a variety of gloss and matte papers, films, self-adhesive vinyl and wallpaper. Paper and film prints can be ordered with an adhesive backing or applied to one of our dimensional base materials. Ideal for producing low-run lifestyle images, graphics and effects.

Create custom gradients and unique effects utilizing digital print images as an enhancement to any dimensional sign or logo.

Installation Aids

We offer many solutions to assist in the installation of our products. A large selection of mounting hardware is readily available, while spacing and placement templates can be produced for each order upon request.

Design Services

Our award-winning design staff is available to assist you in developing signage concepts. Whether your need is one sign or an entire signage program, our talented staff will provide creative solutions to help achieve the image you desire.

AdStands™

AdMart now offers beautiful, adaptable, customizable merchandising stands in two sizes. Our large stand measures approximately 70" tall and the mini stand is approximately 50". Each features an adjustable, removable literature holder. Designed to display standard poster sizes of 22" x 28" and 8-1/2" x 11" respectively, they can also be configured to hold custom sizes. The units can be further enhanced by adding custom panel inserts in your choice of colors and finishes. These panels can also be used to display logos, graphics or messages. Flexibility never looked so good.

- Integrated Design
- Unobtrusive Design Allows Your Message To Shine!
- Customizable
- Easily Updated
